

Base:
chlorinated polyolefin

Package:
400 ml

Inral PLASTIC GROUND spray paint

Primer spray for plastic surfaces. PLASTIC PRIMER provides particularly excellent adhesion between polypropylene-based plastics (polyethylene EPDM, some ABS types) and other coated surfaces. Ideal for indoor and outdoor applications.

Area of use:

For use on cars, motorcycles, garden furniture or any other plastic surface.

Advantages:

- Rapid drying, colourless
- Excellent adhesion to polypropylene surfaces
- Ensures excellent adhesion of topcoat paint or enamel paint
- Lead- and chromate-free
- Ozone-friendly

Spray passes:

1-2 cross layer, spraying distance: 30 cm.

Drying times:

- Touch dry: about 5 min.
- Other layers: after 10 min.

Yield:

2 m² (from one 400 ml. can, one layer).

Usage:

Wipe and degrease the surface. Shake the can vigorously for 1 min. Spray evenly on the surface at a distance of 30 cm. Most effective when applied as a thin coat, with breaks, in several layers. When finished, turn the can upside down and clean the pulveriser by holding it down for a few seconds.

Safety data sheet:

presented separately.

Protection measures:

wear personal protection equipment (gloves / goggles). For more information, see safety data sheet.

Storage:

Store upright in a dry place at +5°C to +25°C. Do not expose the cans to direct sunlight or heat above 50°C.

Shelf life:

10 years if appropriate storage provided.
