

Inral Decorative spray paint METAL PAINT 4 IN 1

Metallic spray paint 4 in 1 INRAL Decor. The paint combines 4 properties in one: primer, rust protection, colour paint and varnish to protect against weathering. Also suitable for painting steel or wood.

Area of use:

Suitable for painting steel or wood. An additional plastic primer INRAL PLASTIC GROUND is required for painting on plastic, an epoxy primer is required for painting on aluminium

Advantages:

- Rust protection and top coat at the same time
- Can be used directly on rust (remove loose rust)
- Excellent protection against corrosion
- Very good adhesion and very good flow
- High layer thicknesses and high stability
- Excellent weather resistance, for indoor use and outside
- Long-lasting sealing, since top coat is also applied

Spray passes:

3-4 cross layers, spraying distance: 20-25 cm.

Drying times:

- Dust free: in around 60 min.
- Touch dry: in around 48h.
- Complete dryness: in around 3-4 days

Yield:

1,5 m² (from one 400 ml. can, one layer).

Usage:

Remove any residual rust from the surface to be painted with sandpaper. Shake the contents of the can for at least 2 minutes. Test the paint in an inconspicuous place to check compatibility and color tone. Spray the paint from a distance of 20-25 cm. It is recommended to apply 3-4 coats within 6 hours. Drying time 48 hours, completely dry in 3-4 days. After use, turn the can upside down and spray the valve until empty

Base:
artificial resin acrylate
combination

Package:
400 ml

Safety data sheet:

presented separately.

Protection measures:

wear personal protection equipment (gloves / goggles). For more information, see safety data sheet.

Storage:

store vertically at +10 °C...+25 °C temperature and relative air humidity of max. 60%.

Shelf life:

5 years if appropriate storage provided.
